Knowing that a controversy at this time in regard to the merits and capacity of ex-Gov. Helm, President of the Louisville and Nashville Railroad, could be productive of no good to the company, we, during the past two or three months, not only refused to publish any attacks and misrepresentations, but have even permitted to be published in our columns reports and notices of that individual, by County Courts and meetings, which doubtless, had their origin in his own suggestions, or that of his personal friends.

His silence, however, does not seem to be appreciated by the general public, who are not only now giving them full and fair notice, but if the provocation is repeated, we will carry the war into Africa in earnest.

In yielding to the urgent request of one of the most efficient directors of the Nashville Railroad Company, to make no reply to the article in the Courier yesterday, we must still be permitted to put to rest one of the most insufferably stupid and malicious falsehoods that have been industriously circulated recently. We have been charged with opposing Mr. Helm, in order to advance Mr. Guthrie's interests, and that, by awarding him praise that belonged to Governor Helm, we were in fact, charging it, yet it has been repeated so often, that it is proper we should notice it. We have opposed Gov. Helm ever since his incompetency to conduct such a vast enterprise as the Louisville and Nashville Railroad does so notoriously apparent a period of time that dates much longer than the tenure of Mr. Guthrie's term in connection with the President. We merely gave to Mr. Guthrie the credit he deserved for bringing to a successful result this great road, and Gov. Helm has chosen to regard as disparaging to himself what the entire community indorsed as saying. We could not well imagine a more absurdity than the idea that disparaging Gov. Helm was advancing Mr. Guthrie's interest as a Presidential candidate, yet if we may judge of the motives and fulsome and nauseating puffs of himself the newspapers have been persuaded to publish, the ex-Governor entertains that idea.

EXTENSIVE ROBBERY.—\$2,000 Worth of Jewelry Stolen from the Mechanics' Institute Building.

A robbery, the parallel of which, for boldness and daring, seldom found, was committed yesterday morning, between the hours of 3 and 4 o'clock, at the corner of the Mechanics' Institute, corner of Fourth and Broadway. The thieves seemed to have effected an entrance through a window, and seizing a table and show case of Vogt & Kink containing jewelry, packed it off, making their escape through the door which opens on Fourth street. Thence they transferred to the alley in the rear of the building, and pocketed the contents. The case was discovered there yesterday morning. The case of jewelry was on exhibition, and consisted of a diamond necklace valued at \$350, a diamond ring at \$225, chains, bracelets, breast-pins, &c., in all amounting to nearly \$2,000.

On Thursday morning, Jas. Lee and Wm. Jones, guarding the building at the time, the thieves were awake and sitting in the front part of the hall, but did not hear the thieves. In fact, there seems to be some mystery about the matter unexplained, but explainable. The thieves must have been more adroit than the robbers who yet be ferreted out. Goods are on exhibition at the risk of owners, and it is said that the robbery must sustain the loss. It looks like a hard case. They offer \$200 reward for the recovery of the jewelry.

LOUISVILLE WATER WORKS.—ELECTION OF THE DIRECTORS.—The annual election for Directors of the water works occurred yesterday. Alfred Harris, Esq., was re-elected President, and Messrs. B. J. Adams, A. L. Shottel, Jas. S. Lithgow, D. S. Beatty, and D. L. Beatty, Directors. The gentlemen composed the board, and none more efficient could have been selected. The President, Alfred Harris, Esq., as all men know, is entitled to the praise and thanks of the community for his energetic prosecution of this important public enterprise, and his efforts have been wisely aided by a liberal and sagacious Board of Directors.

There is much work to be done yet that can't be hastened, but we shouldn't be surprised if this water works are completed by April next. This is sooner, however, than has been generally anticipated.

WE HAVE HEARD considerable indignation expressed at the continued efforts of one of the city papers during the last few days to injure the city and the credit of its business men by trying to get up a hard-headed party. A few individuals who have overheard and speculated, or overheard themselves in various ways, may be "hard up," but Louisville and her business men were never in a sounder and healthier condition than they are now. Our trade is not only heavy and prosperous, but is rapidly increasing, and not one out of a hundred of our most active business men would care to leave the city for any unusual pressure in the money market if it were not continually drummed in their ears. It is time for the croakers to cease their croaking.

RANSACKING A HOUSE.—The house of Captain Chas. F. Reynolds, on Fourth street, between Walnut and Chestnut, has been shut up for several weeks in consequence of the absence of the family, and the Captain has been boarding at a hotel. Yesterday he peeped in to see if all was right, and found to his indignation that it wasn't. The thieves had ransacked it thoroughly, and stolen some silverware, a fine clock, clothing, and other valuables to the amount of several hundred dollars.

WOODLAND RACE COURSE.—The Club have made every arrangement for the pleasure and comfort of the ladies who will grace the stand next week. There is a parlor fitted up superbly for their exclusive use, and every member of the Club is requested to bring a lady with him, there will be hundreds present each day. A splendid band will discourse waltzing strains of music, and enliven the occasion.

WE ARE REQUESTED to call special attention to the sale of boots, shoes, and brogans, at the auction rooms of Messrs. S. G. Henry & Co., this morning, Thursday, at 10 o'clock. Included in the lot will be found ten cases of riding boots, sold for account of whom it may concern; also, a large number of boots and shoes, and ladies' and misses' assorted shoes.

MASSONIC MEETING TO-NIGHT.—By reference to our advertising columns it will be seen that the Grand Master has called a general meeting of the Freemasons to-night, at the Masonic Temple, to consider what demonstrations are most suitable to welcome the Grand Lodge back to Louisville after an absence of thirteen years.

John Smith, from Lagrange, Ky., was robbed of his carpet bag and coat in New Albany yesterday, by Jacob Wever and John Hayden. They got him drunk and then disappeared with his property. The men were arrested and held in \$500 to answer a felony.

Dell was sent to jail yesterday for alleged stealing a pair of boots from Mr. Shocks.

The alarm of fire yesterday was caused by the burning out of a chimney on First street.

THE MECHANICS' INSTITUTE.—CLOSING NIGHT.

The exhibition of the Mechanics' Institute closed last night, after having been successfully continued during the past four weeks. The receipts compare favorably with those of any previous year, the display of articles was highly creditable, and the interest in the exhibition continued unabated until close.

The closing address, which we publish in another column, was delivered by Mr. A. N. Gilbert. It was a fine effort—universally regarded as one of the best addresses ever delivered before the Institute. After the delivery of the address of Mr. Gilbert the award of premiums was read by the Secretary of the Institute. We subjoin a list of the names of the recipients.

THE VIGILANCE COMMITTEE IN LOUISIANA.

The New Orleans Picayune says that the Vigilance Committee have been organized and are entirely filled up with a discussion of their movement.

We glean from the further facts in regard to the disturbance which have taken place in Louisiana, that the Attakapas Register of the 24th instant says:

It was brought to the Governor's notice that three of the victims of the Vigilants had died from the severity of the brutal whipping inflicted upon them, that one had been shot and stabbed, that a number of other dead bodies had been found in the streets, and that the Vigilants were doing in the prairie, whose fathers, husbands and brothers have been driven from their homes by the violence of the Vigilants, and that these individuals were being persecuted in a civilized country.
